Dear authors,

The 2016 International Simulation Multi-Conference is a joint conference of the 16th Asia Simulation Conference and the 2016 Autumn Simulation Multi-Conference (AsiaSim/SCS AutumnSim 2016). Accepted papers will be published by Springer, in the Communications in Computer and Information Science Series (CCIS). CCIS is abstracted/indexed in EI, DBLP, Google Scholar, Mathematical Reviews, SCImago, and Scopus.

Paper submission and publication: Please visit the conference website address http://www.asia-scs-sim2016.org. Opening this website, please click the menu 'Paper Submission', which is linked to **ISMC 2016** (abbreviation of this conference) of EasyChair system. New users of this system need to register and create an account.

All submitted papers should be in the form of .doc, .docx or .pdf file with the template of CCIS. This template is available from the website http://www.springer.com/computer/lins/?SGWID=0-164-6-793341-0 , which is the official website of Springer to give the Information for Authors of Computer Science Publications.

The length of each submission is suggested to be 8 to 10 pages in the above Springer format. For additional pages, each page needs an extra fee of 50 USD.

To enhance high quality of this international conference, around 35% of all submissions will succeed in the final publication.

Selected papers from the conference proceedings will be considered for extension and publication in several peer-reviewed SCI/EI journals. Papers will be published in the conference proceedings only if at least one of the authors is officially registered. Each registration covers one paper.

In addition, the authors are suggested to do similarity check before their submission to avoid copyright problems.

Best regards,
Program Committee of AsiaSim/SCS AutumnSim 2016
